You'll never get used to that.

The Madness glimpse in his eyes, as he headed towards you.

Fleas from the Void are really nuisant. You can't concentrate and must itch, if the Dog is next to you.

Adjacent Heroes to the *Faithful Dog* may not Recover Grit.

Faithful Dog Mutations

5 - TENTACLE TAIL

The Tentacle Tail disturbs the Dog and sometimes he's hunting his own back instead of fighting.

Faithful Dog is
-1 INITIATIVE
-1 MOVE

Faithful Dog Mutations

6 - HUMAN SPEECH

Unnerving to say the least!

Whenever a *Growing Dread* card is drawn, roll a D6 as the *Dog* comments on the situation.

On the roll of 1, draw another *Growing Dread* card.

6 - SECOND HEAD

A strange Look for a companion!

When rolling on the
Henchman Exploration Chart, the Henchman now rolls an extra die and discards the lowest.

Pack Mule Mutations

1 - SECOND HEAD

Sometimes the mule stops on crossroads and seems to argue with himself about the best way.

The **Pack Mule** adds **+D3** to its **Move** each turn, but if a **1** is rolled on the dies, it does not move at all.

Pack Mule Mutations

2 - SPIKY SKIN

Looks like our equipment is transported by a hedgehog instead of a mule.

Anytime a Hero takes or leaves an **Item**, **Side Bag Token** or **Dark Stone** from the **Pack Mule**, they also take **D3 Wounds**, ignoring **Defense** from the spikes.

Pack Mule Mutations

3 - TWO TAIL ENDS

That's good for Kicking our foes, but how will the poor animal eat something?

Pack Mule Mutations

5 - TENTACLE MOUTH

A whirling mass spread out of the Mule's mouth. With a good taste, it leeches the spured blood on the floor.

Slurping up any form it finds, the **Pack Mule** now **Heals D3 Wounds** at the start of each turn.

Pack Mule Mutations

6 - FUSED WITH LOAD

The Mule absorbs one after another of your Items inside its body, before you can do something.

Roll a **D6** for each **Item**, **Dark Stone**, and **Side Bag Token** the **Pack Mule** is currently carrying. On the roll of **1** or **2**, discard it as it fuses with the **Mule**.
